Learn, Grow, Achieve

Helping domestic workers and gardeners gain skills necessary for a safe and fulfilling life as well as career advancement through programs and courses for personal and professional growth.

Book Now

About Us

Founded in 2018 by Precious Radebe, empowering the nation is an initiative that equips gardeners and domestic workers with skills needed to advance in their careers. Precious' parents and other elderly relatives were never given the chance to equip themselves, so this is her way of supporting similarly affected members from her community. So far, hundreds of gardeners and domestic workers have obtained these skills with Precious' help, along with her tutors

COURSES

SIX MONTHS SIX WEEKS

What our students are saying...

Empowering the nation helped me become the best mother to my two precious children.

Mary

The best way I learned first aid was with Empowering the nation

Paul

I am now a self taught always fully booked chef! Thanks to empowering the nation.

Johnson
